Surabaya

My name is Denandra Prasetya, and I am a mobile developer with almost 5 years of experience. I have a strong background in programming languages and frameworks such as Kotlin, Java, React Native(JavaScript & TypeScript), and Flutter. Throughout my career, I have developed a diverse range of mobile applications for Android and sometimes iOS platforms, ensuring high-quality user experiences.

Work Experiences

BCA Digital - Jakarta
Nov 2024 - Present

Android Developer

Collaborated as a vendor to develop and enhance the Blu by BCA Digital mobile application.

- Contributed to rewriting the application from React Native to Kotlin, ensuring improved performance and maintainability.
